Sand Cure for Dispepsia, A number of persons in Westchester, Pa., who are sufferers from stomach troubles are trying the sand cure. The sand, so a dispatch tells us, comes from Mississippi in bags of two quarts each. It is taken in doses of a teaspoonful, and as often as the patient feels trouble

coming.

"When any animal has an attack of stomach trouble," argues one of the believers in the cure, "it goes at one of the ground for some clay or sand, and why should not a man

Why not, indeed? There is no reason under the sun for man going else-where than to the ground for a cure when he has stomach trouble, unless it be that when man has stomach trouble he is more unreasonable than at any

The sand cure will appeal strongly to the great majority of people whose stom-achs are all right, and in time these peoie, when their stomachs go wrong, may, by the exercise of will power, convince themselves that duty to themselves and to their families, to say nothing of friends and country, demands that they shall go to the ground for a cure.—[Chieago Inter-Ocean.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Coug's Cure contain ers have had a warning printed on them against Opium and narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

Private Flat- on Steamers, The Atlantic Transport Line, whose steamers ply between New York and London, announces that its vessels will soon be installed with complete private spartments similar to those in which chousands of people in all our great cities now live. These will differ from the prevailing steamer suite in that each will have a private hall, bedrooms, parlor, library, bath, etc. Each flat will be thirty feet in length and have a width of fifteen feet, and the windows will look out on the deck. The temporary tenant's name will be on the front door, and a bell will announce callers. Each apartment will have an electric heater on which light meals, or the baby's milk, can be prepared, after mother has finish-ed curling her hair. Complete meals, however, will be served to order in each flat, one of the rooms being converted

into a dining room.

The Limit of Life. The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; esrelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by E. S. Leadbeater, & Sons, druggists.

Women Card Parties.

The society women of Montgomery Ala., are flooding the legislature with protests against an anti-gambling bill which has been favorably reported in the House. The bill, probably the most drastic ever introduced in any legislaure, aims directly at the card parties which are a feature of social life. bill mentions bridge, euchre and other games, and makes it a jail offerse, with-out alternative of fine, for any woman to allow these games to be played in her home for prizes of value. Probably 3,000 protests against the bill have been received, and some of them were pep-pery. One of the protestants said that she was ashamed to know that she in in the same State with such a "hayseed." Despite protests, it is believed the bill fourth off the MARKED will pass.
